Statement of Reasons for Allowance

1. Claims 1-21 are allowed.

It is noted that the closest prior art of record, Johnston (International Application Publication, WO 98/24225) teaches that the component lacking from the pre-conditioned spoken prompt comprises a portion of the frequency spectrum, but Johnston does not teach selecting a conjugate frequency band set from a plurality of conjugate frequency band sets based at least in part on a mode of operation. Thus, independent claims 1, 6, 10, 15 and 19 are allowable over the prior art of record because the cited prior art alone or in combination, does not fairly suggest or disclose the claimed combination of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons of Allowance."
